Reading Log

Write the name and title of the books you read on the lines below additional reading log pages available at the library.

A surreal illustration of a person with a purple, brain-like head reading a book, surrounded by green tentacles, positioned at the bottom right of a page with horizontal lines. The person is wearing orange polka-dot shorts and a matching headband. The background is a light blue gradient. The illustration is placed on the right side of a page that has horizontal lines for writing.
